DEPARTMENTAL ACTIVITIES

'The Science Forum - Pioneers of Microbiology: From Observation to Understanding Microbial Life.'

"On September 6, 2024, the **Department of Noinadal, including Microbiology**, at Nandha Siddha Medical College and Hospital, hosted 'The Science Forum - Pioneers of Microbiology: From Observation to Understanding Microbial Life.' This enlightening event honored the trailblazing contributions of microbiology pioneers, such as Louis Pasteur, Robert Koch, Antonie van Leeuwenhoek, etc.. and their profound impact on modern microbial science. Eleven groups of first professional BSMS students presented engaging studies on these key figures, showcasing their revolutionary work. The top three presenting groups were awarded prizes, recognizing their outstanding contributions to the forum's success."
