

# NANDHA SIDDHA MEDICAL COLLEGE AND HOSPITAL, ERODE-52.

## DEPARTMENTAL ACTIVITIES

### Deworming Program

On February 20, 2025, the Department of Paediatrics at Nandha Siddha Medical College, Erode, organized an informative awareness program on deworming at Ulagapuram Sri Jaivikas Public School. The event aimed to educate children from grades 4 to 7, along with their teachers, about the importance of deworming and its positive impact on their health. The session provided detailed insights into how intestinal worms affect the overall well-being of children, leading to health complications such as malnutrition, stunted growth, and decreased academic performance. The program also highlighted the role of regular deworming treatments in preventing these issues.
