

Medical Education Unit (MEU)

Nandha Siddha Medical College and Hospital, Erode-52

Established in 2025, the Medical Education Unit (MEU) at Nandha Siddha Medical College and Hospital aims to enhance the quality of medical education by training faculty members in Medical Education Technology. This is achieved through the efforts of core members who have undergone the attended syllabus framing (CBCD) and Advanced Course in Medical Education (ACME).

Key Objectives of the MEU:

- Provide training for faculty in modern teaching methodologies and educational technologies.
- Ensure continuous improvement in the planning, implementation, and evaluation of the teaching-learning process.
- Align educational practices with the National Medical Council of India's guidelines under the Competency-Based Curriculum Development (CBCD) framework.
- Support the Curriculum Implementation Committee in effectively executing CBCD components.

Major Achievements:

Through faculty capacity building, the college has successfully integrated various CBCD elements into the undergraduate curriculum, including:

- Foundation courses
- Early clinical exposure
- Village adoption programs
- Problem-based and case-based learning
- Bedside teaching
- Electives and integrated (vertical and horizontal) teaching

Department of Education – Core Functions:

The Department of Education plays a central role in overseeing and enhancing educational practices. Its primary responsibilities include:

- Managing all undergraduate educational activities at the institution.
- Driving continuous quality improvement in medical education.
- Planning, implementing, and evaluating curriculum development and faculty development initiatives, in line with the NCISM directives.
- Coordinating curriculum development through the Curriculum Committee.
- Conducting faculty development programs and workshops via the Faculty Development Committee.

- Promoting the integration of Information Technology (IT) into the medical curriculum.
- Developing and maintaining specialized educational labs such as:
 - Skills Lab
- Supporting educational research through projects and publication efforts.
- Keeping the institution updated with current trends in medical education by organizing:
 - Journal clubs
 - Workshops
 - Conferences

MEU Functioning:

- The MEU convenes five times annually.
- Additional meetings are held as needed.
- Each meeting follows a predetermined agenda, circulated in advance to all members.
- Deliberations are documented, and follow-up actions are recorded.

Note:

The MEU is reconstituted every three years to ensure continued relevance and effectiveness.
