

NANDHA SIDDHA

MEDICAL COLLEGE AND HOSPITAL, ERODE – 638 052.

WORLD ENVIRONMENT DAY 2024

Organised by

NATIONAL SERVICE SCHEME (NSS)

"Land restoration, desertification and drought resilience"

We Celebrated World Environment Day on 5th June 2024 in our campus. NATIONAL SERVICE SCHEME (NSS) organised tree planting in Medicinal Garden and in the afternoon session environment awareness programme was conducted and environmental day oath was taken by all the students and faculty members of our college.

AWARENESS PROGRAMME

To emphasize the importance of land conservation, water per conservation & biodiversity preservation an awareness programme was conducted to all the students of the college. Dr.R.Shivasankar gave away the lecture and brought awareness to the students.

PLASTIC FREE CAMPUS

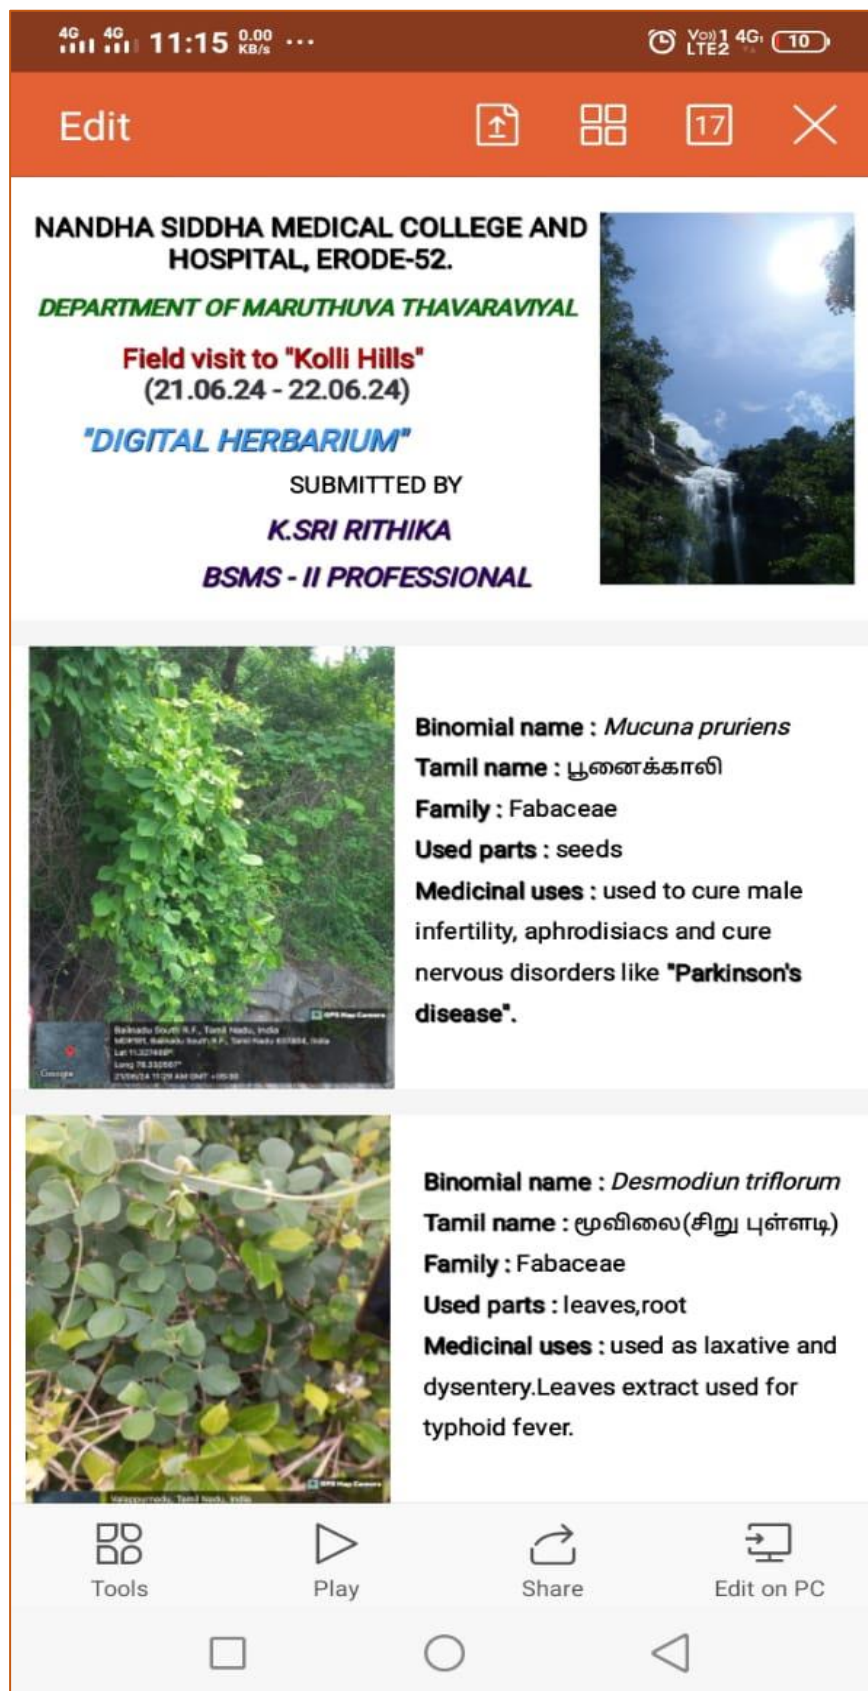

To eliminate single use plastics, NSS volunteers collected the plastics and non-biodegradable waste from the campus and awareness were made among students.

PAPERLESS INITIATIVES

Paperless assignment were given to Students like Preparing digital herbarium and class assignments.

The screenshot displays a mobile application interface for a digital herbarium. At the top, there is a status bar with network and battery icons, and a navigation bar with an 'Edit' button and several icons. The main content area is divided into sections. The top section is a title page for a field visit to 'Kolli Hills' from June 21 to 22, 2024, organized by the Department of Maruthuva Thavaraviyal at Nandha Siddha Medical College and Hospital, Erode-52. The assignment is submitted by K. Sri Rithika, a BSMS-II Professional. To the right of the text is a photograph of a waterfall. Below this, there are two entries for different plants. Each entry consists of a photograph of the plant on the left and its botanical and medicinal details on the right. The first entry is for *Mucuna pruriens*, with its Tamil name 'பூனைக்காவி', family Fabaceae, and medicinal uses for male infertility and Parkinson's disease. The second entry is for *Desmodium triflorum*, with its Tamil name 'மூவிலை (சிறு புள்ளடி)', family Fabaceae, and medicinal uses as a laxative and for typhoid fever. At the bottom of the screen, there is a navigation bar with icons for 'Tools', 'Play', 'Share', and 'Edit on PC', and a standard Android navigation bar with back, home, and recent apps buttons.

FOOD WASTE REDUCTION

NSS of our college organised an awareness programme in our hostel mess to minimize food wastage.

- Respect food.
- Food connects us all
- Sharing is caring.
- Don't waste food.

ESTABLISH COMPOSTING CENTRES

There is a biodegradable compost making in our campus to convert dried leaves, food wastes into nutrient rich compost for use as manure.
